

# Domestic abuse campaign to include francophones

A campaign to raise awareness about domestic abuse is being expanded to include francophones.

The Domestic Violence Co-ordinating Committee of Windsor and Essex County announced earlier this month that the Neighbours, Friends and Families project will now have a francophone version: Voisin-es, ami-es et familles.

Both projects are focused on increasing public knowledge on the signs of abuse so people close to at-risk women or abusive men can help.

Over the past year, members of the committee have taken part in presentations and discussions relating to domestic violence and the resources available to women in the area.
